

YAC's Arts-for-Change Project 2010-11

Youth Action Coalition promotes youth empowerment through creative expression and social action projects. YAC's core program, Arts-for-Change (AfC), is a series of distinct arts and media projects that pair intensive arts immersion with social justice education.

GirlsEyeView ~ Ware

GirlsEyeView Ware is our longest running program, founded in 1997! GEV offers a supportive and creative space for young women to express themselves and their ideas through digital photography and creative writing. We partner with the The Literacy Project-Ware, Ware High School and the Ware Domestic Violence Task Force, helping to build bridges among youth both in and out of school and empower girls to take on important community issues with a photographic response. Youth work is exhibited in local restaurants, galleries, in the streets and on Ware Community Television. Open to 12-18 year old girls. Contact Lauren: lauren@youthactioncoalition.org

Materials on deck for the zine project.

GirlsEyeView ~ Amherst

GirlsEyeView (GEV) offers young women a safe space to explore who they are through photography and creative writing. We focus on self exploration, women's issues and community through black and white manual photography. Youth learn to process their film and print their images in the darkroom, host community exhibitions, and sell their photos. We are proud to continue our longstanding partnership with Amherst Regional Middle and High Schools. This year GEV is open to girls in 7-9th grades, forming a bridge between middle and high school. Get Up Get Down

Get Up Get Down (GUGD) empowers young people to speak their minds through public art. Since 2000, youth in the Amherst area have used a variety of art forms to get their messages out -- from murals to street puppets, metal sculpture to paper mache, sidewalk art to gallery work -- investigating issues that are relevant to them and their communities. Examples of their innovative projects include: multi-media murals in the community and in the high school, sculptural masks, and graffiti murals at Hampshire College. Open to high school-aged youth. Our community collaborators include Amherst Regional High School and the Lemelson Center at Hampshire College. Contact Katie: katie@youthactioncoalition.org

Video Vanguard

Video Vanguard (VV) works with youth of color and their allies integrating youth leadership, video production, media critique and social justice education. Youth use these skills to create video pieces that address issues that are overlooked by the mainstream media. They organize socially conscious screenings and events throughout the year and attend various trainings, conferences and workshops. Our partners include: Amherst Community Television, Amherst Regional High School, Food For Thought Books, and Hampshire College's Film/Video Department. Contact Sasha: sasha@youthactioncoalition.org

E'Town Rising: Voices of Youth

This fall will mark the first full year of our newest AfC program, successfully piloted in Easthampton in Spring 2010. Equipped with digital cameras and creative writing, E'town youth explore and communicate their views about their community. Themes and focus will emerge as the program begins. This is a collaborative project with Easthampton High School. Contact Erica Ann: eaflood@youthactioncoalition.org

New Initiatives

YAC Unity Events

Whether you are a youth participant in an AfC project, a staff member, intern, volunteer or board member, you are invited to participate in our monthly series of YAC Unity events. These include: Community Day, ArtShares, social justice workshops, youth-led SkillShares, field trip to MassMOCA, and our fabulous year-end BBQ. Contact Hannah for more info: hannah@youthactioncoalition.org

Many Paths

Many Paths (MP) is a college prep program currently under development that supports youth in preparing for life after high school. Serving first generation, immigrant and underserved youth in the Amherst community, MP will include workshops and college student mentoring. Collaborators include YAC, Amherst College Office of Admissions, Amherst Regional High School and Reader to Reader. Contact us for more info.

Goals

- ☆ Engage young people in activities that help them strengthen their sense of self and identity.
- ☆ Empower young people as leaders in our communities.
- ☆ Guide young people through their skill development as artists and media makers.
- ☆ Take a stand on issues of social justice and equality.
- ☆ Create a space where young people feel valued by and valuable to their community.
- ☆ Encourage young people to use their art and media productions as tools for social change.

Vision

Youth Action Coalition (YAC) engages young people in a process of self-expression and artistic skill-building, leadership and community-building, empowerment and social action.

We actively bring diverse youth together to join in dialogue and art-making that arises from their own issues and concerns as young people of the world. YAC operates on the belief that all young people have a voice and must be encouraged to express it, shape it, and propel it.

YAC projects give young people the stepping stones to pursue their own visions and dreams for the world.

Youth on Board

One of the strongest ways we commit ourselves to youth power is by giving young people decision-making and leadership positions within the organization. Our intergenerational Board of Directors - 50% youth/adult - works collaboratively to: determine YAC's needs and priorities, set goals, raise funds, and iron out solutions and action plans. The YAC Board is co-Chaired by a youth and adult team.

Promoting youth empowerment through progressive arts and social change initiatives
