About Youth Action Coalition:

Youth Action Coalition (YAC) promotes youth empowerment through creative expression, community building, and social action projects. We believe that by pairing intensive arts immersion with social justice education and action, we help youth foster their natural talents as artists and build their strengths as community leaders and agents of change.

Proceeds from LIGHTS, CAMERA, YOUTH ACTION! will help support YAC's Arts-for-Change Project, which includes E'Town Rising, GirlsEyeView, Get Up Get Down, Video Vanguards and YAC Unity. We are grateful for your participation!
